## CASE UPDATES AND INQUIRIES POLICY

1. Once your case has been assigned a case number, our case tracking system will email you. You should add these numbers into your phone, so that you will recognize them when we contact you. 479-970-5598, and 737-667-5050.
2. Due to the nature of surveillance variables, time required to develop, and or complete an investigation case, can range from a few weeks, or longer. You will only be billed for the actual time and expenses spent while working your case.
3. “Emergency” or “Rush” cases are defined as cases where Leverage is required to begin working your case within 24 hours of receiving your paid retainer, and signed contract. These expedited cases are billed at a higher hourly rate. Emergency or Rush rates will also be charged for all cases worked on holidays.
4. Please allow at least seven business days after you receive your case number before requesting an update. When requesting case updates, we require all correspondence to be done via email to: [leveragepi76@gmail.com](mailto:leveragepi76@gmail.com) and [leveragepi64@gmail.com](mailto:leveragepi64@gmail.com). No updates can, or will be provided via text messaging. Case updates will be provided only on cases that have paid the full retainer amount.
5. A full written report, along with all case photos will be provided to the client once the investigation is complete. Email updates may be given as the investigation progresses, but daily, or weekly updates, or “Micro managing” the case are not provided.
6. There are many moving parts to each case, and no two cases are the same. What may seem like a simple task to complete to you, is actually much more difficult in real time situations. With over 30 plus years of successful case experience, we have set policies and procedures that we must follow when working a case, in order to achieve the client’s objective. Leverage will always follow all Federal, State and Local laws, and will not compromise any case, to gather information illegally.
7. In regards to GPS Tracking devices, listening devices, cameras, etc. Leverage cannot place these devices just anywhere the client may choose. Again, there are laws that we will follow at all times.
8. We often have clients ask about confidentiality. The key word in what we do as Private Investigators is “Private,” and we keep all case information confidential. We operate just like your attorney would using Client Privilege. “Client Privilege” refers to a legal privilege that works to keep confidential communications between a Private Investigator, and his or her client secret.

\*\*This update policy is agreed to, and accepted by the client upon receipt of the signed “Contract for Services.”
